Gemini Channel Letter Advantages

Quick Delivery

- Channel orders are shipped the next business day.

Uniform Face Fit

- Replacement faces are guaranteed to fit exactly.
- No need to make pattern of entire letter to change face.

Labor Saving

- Available with face in a variety of return and trim colors.
- Easily drilled for installation and weep holes.
- Allow more time for other sign projects.
- Eliminates extra inventory.

Stable Cost

- No scrap for your shop.
- Guaranteed price for your quotations.

Arcing/Corrosion Resistant

- Non-conductive Artek, eliminates arcing to the can.
- Resistant to salts, acids and oils.
- UL and CSA recognized components.

Quality

- Made from ARTEK®, an engineering grade polymer.
- Impact tests from -84°F to 165°F.
- Consistent; uniform; perfect letters every time.
